

Dear Customer Service,

I request you carry Yo Momma's Style jams, jellies, and rub in your store.

I would love to buy them from you, and I will tell all my friends and family to do the same.

Thank you, your loyal shopper:

What's Yo Momma Got? Why Goodness in a Jar!

What started as a labor of love to create wonderful food turned to a passion for all things delicious! Most people think of jams and jellies as something to put on toast, bagels, biscuits, or between two slices of bread with some peanut butter. I like to think of them as vehicles that transport ordinary into extraordinary.

All of my products are loving recreated by co-packers using the finest ingredients. My company is part of the Got to be NC program
